

Ruben Alban HONFOVOU

Front-end Software Developer

rubenwhite22@gmail.com

+229 0196404757

Ab-Calavi, Benin

Summary

Front-end developer for 4 years, I have worked on more than forty projects, each more innovative and challenging than the last. I have gained experience in building from scratch smooth and intuitive web applications.

I am passionate about this beautiful profession, the best in the world, and I have learned to be effective both alone and in a team.

I have proven expertise in the design of fluid and responsive interfaces without any external libraries, allowing great flexibility across technologies

Quick to learn and looking for new challenges, I am open, curious, and dedicated.

Key Skills

Professional Experience

Freelance & Personal Projects
Ab-Calavi

Nov 2022 to Jul 2024

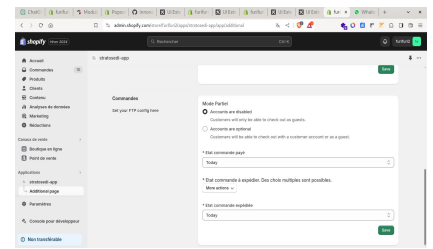

My Portfolio: Crafted a simple & unique portfolio to tell you about me. It involved a out of the box thinking for the page border for eg Next.js, TS, Tailwind CSS

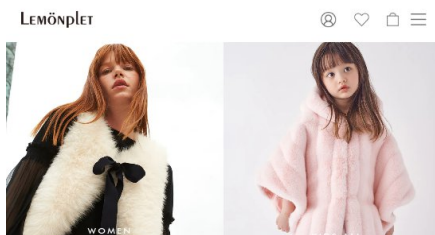

MANGAVERSE: Building an unique web app involving multiple-theme switch, server actions, API, design, user-centric approach...

Next.js, TS, HTML & CSS, API

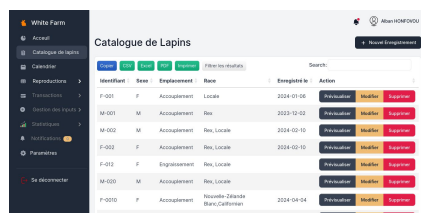

STRASTOS EDI SHOPIFY APP: Building from scratch an unique app to improve orders tracking by the organization merchants.

Remix, React, Prisma, GraphQL

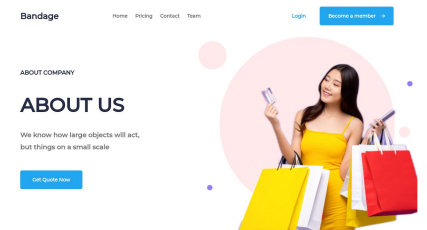

LEMONPLET: We given this store a new look with a pixel-perfect design mockup into Shopify theme translation

HTML & CSS, JS, Shopify

BUNNY MANAGEMENT: With given templates, I created dynamic forms, custom pages & datatables and an awesome landing page

Laravel, MySQL, REST API

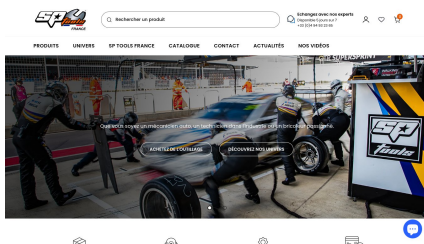

BANDAGE E-COMMERCE: Translating Figma mockup into a pixel-perfect website. I've improved UX with lazyload, animations...

Figma, React, TS
